JOHN KEMBER – PIANO SIGHT-READING, VOL. 2

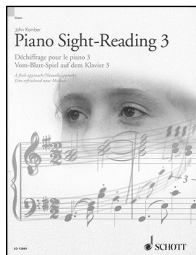

A FRESH APPROACH

Schott

This volume builds on the progress achieved by following the outlines and good practice established in Book 1. Exercises are progressive and structured to increase the pupil's awareness of

new rhythms, keys and range of notes. Changes of hand position are introduced gradually, as is the recognition of and familiarity with chord shapes in both 2- and 3-note groups.

JOHN KEMBER – PIANO SIGHT-READING, VOL. 3

Schott

The importance of sight-reading as an essential skill for pianists of all ages and abilities has been set out in books 1 and 2. Similarly, the principles set out in previous books still apply: the importance of realizing the overall style, rhythm and tempo of a piece before you begin to play; the awareness of keys, chord and interval shapes, and overall melodic shape; and the need for a quick visual summary of repeat signs and changes in time – an overview of the general "geography" of the piece.

PIANO MOODS

Piano Moods is an exciting new piano series for intermediate-level pianists. Each volume is devoted to a particular mood. The pieces chosen draw on Boosey & Hawkes' extensive collection of wonderful music, as well as lesser-known gems from the past – some of them from surprising sources – and newly composed works.

CONTEMPLATIONS

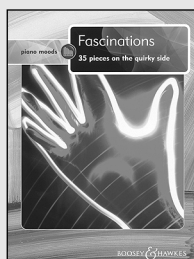

27 PIECES ON
THE QUIET SIDE

*Piano Moods Series
Boosey & Hawkes*

Pieces drawn from a wide range of periods and styles, creating intriguing juxtapositions of pieces by well-known and lesser-known composers. Bernstein's tribute to

Sondheim rubs shoulders with Erik Satie; Mozart and Tchaikovsky are represented alongside their contemporaries Kozeluh and Cui.

FASCINATIONS

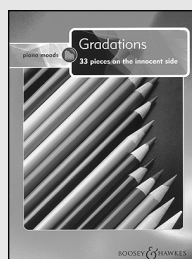

35 PIECES ON
THE QUIRKY SIDE

*Piano Moods Series
Boosey & Hawkes*

Quirky juxtapositions and intriguing pieces of music. Contemporary miniatures sit next to classic repertoire from Mozart and Tchaikovsky. Dance

movements by Telemann, Schubert, Rameau, Jirovec and Zilcher all have something unexpected about them, although they are technically straightforward and a joy to play.

48019603 Piano Solo\$17.95

GRADATIONS

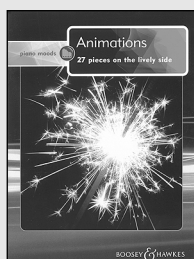

33 PIECES ON THE
INNOCENT SIDE

*Piano Moods Series
Boosey & Hawkes*

Gradations is music of variety, change, progression, and even growing up. It includes children's music by Bach and Bartók, first keyboard works of

Mozart, and even Kabalevsky's *My stubborn little brother*.

ANIMATIONS

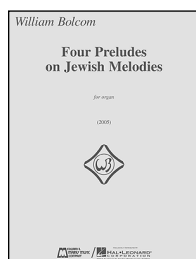

27 PIECES ON
THE LIVELY SIDE

*Piano Moods Series
Boosey & Hawkes*

A collection of pieces focusing on lively rhythms and sparkling, articulate music – not all of it at faster tempos. There are goblins and grasshoppers, gypsies and witches; Grieg and Goldschmidt co-exist with Horne and Hummel; there is entertaining and sometimes unfamiliar music by Scarlatti, Schumann and Chopin. There is ample dance music as well, including a waltz, mazurka, gigue and galop.

BOOKS

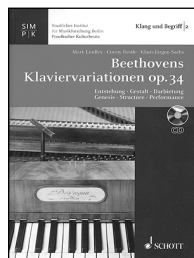

DEBUSSY – THE QUIET REVOLUTIONARY

by Victor Lederer
Unlocking the Masters Series
Book/CD Pack
Amadeus Press

Debussy's music, some of the greatest composed in the twentieth century, also ranks among the century's most challenging. His influence on other composers was enormous: Bartók, Stravinsky, Webern, Boulez, and Messiaen all freely acknowledged their debt to their groundbreaking predecessor. Author Victor Lederer explores the extraordinary sophistication and refinement of Debussy's music, pointing out subtleties that otherwise could take years of careful listening to fully appreciate. He shows how the composer developed his own unmistakable sound from a variety of musical inspirations, including folk, medieval, the musical languages of Spain and Java, as well as the seventeenth-century French clavecinists and his musical ancestor and idol, Chopin. Lederer also illustrates how Debussy's exquisite music, with its shimmering tonalities and bold harmonies, parallels the impressionist movement in painting. An accompanying full-length CD includes selections from the maestro's masterworks.
