CLASSICAL

The Hal Leonard Classical Play-Along™ series helps pianists and instrumentalists play the most celebrated concertos, sonatas and suites by Bach, Haydn, Mozart, Telemann, Vivaldi and other esteemed composers. Features of this series include:

A systematic approach – Musicians can work through these classical masterworks systematically. First, they can listen to outstanding recordings of the complete piece performed by a world-class professional orchestra or group on the CD, and then play along with the performance using the subsequent accompaniment tracks.

CDs with slowdown software – The CDs include embedded slowdown software, allowing musicians to proceed at their own pace to facilitate learning. The audio CD is playable on any CD player, and also enhanced so Mac and PC users can adjust the recordings to any tempo without changing pitch. Each CD starts with a tuning track for the solo instrument.

Quality engravings – Great-looking engravings match the play-along tracks on the CD. The books also feature durable paper and cover stock, presented in unique, eye-catching packaging.

Only \$12.99! – These all-around high quality products are available at the extremely affordable price of just \$12.99.
